

EXCURSIONS IN SLOVENIA

We offer a wide selection of unique experiences throughout Slovenia, especially in the Styria region. Trips are tailored for groups, but can also be offered to individuals. We are happy to prepare offers according to your wishes.

Excursions can be made in all times during the duration of the competition; upon receipt of interest, we will send out application forms to the groups, where the dates will be specified.

Excursions do not include transport. If necessary, we are happy to arrange this too.

THE HEART BETWEEN VINEYARDS WITH ADDITIONS

Culture, wine, cuisine, sports in one afternoon

DATES: 1.7. - 5.7.2020, by prior arrangement
MINIMUM NUMBER OF PARTICIPANTS: 10
PRICE: 29,99€ / per person
PROGRAM:

The guide joins you on the bus on an agreed location in MB or surroundings. We take a drive to a beautiful part of Styria, hidden from the hustle and bustle of the city. Just before our first destination, we drive up a steep, curvy road - a beautiful, unique, heart-shaped road hidden between festive vineyards. A tour of the heart shaped road is awaiting us, with a presentation by the Dreisiebner family (777), where we will also take a look inside their wine cellar and wine bank. A bottle of the heartiest wine by far was also prepared for each of you. Next stop: Kebl Vineyard Museum. During the visit of the collection, we will try noble wine from renowned local winemakers. We continue our journey to the Plač Tower, where we will enjoy fresh air and the beautiful view of the surroundings. Like the heart shaped road, the Plač Tower is a very popular photo spot. We conclude the wine fairytale at the nearby wine and excursion agritourism, where we are treated by the best local products in the form of dinner in the embrace of nature.

The price includes: A visit to the heart in the vineyards, a gift bottle of the fairytale wine 777, a visit to the Kebl Vineyard Museum, a tour of the Plač Tower, a dinner with local delicacies at one of the agritourism in Svečinske gorice, organization and VAT.

PRICE:

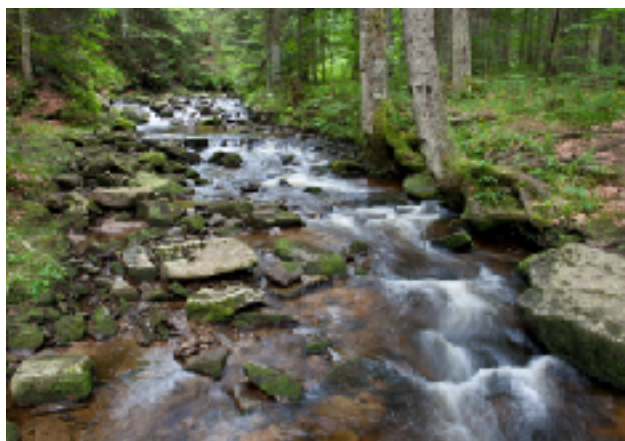

54,99€ / per person

PROGRAM:

You cycling tour starts at the lower station of the Pohorje cable car - Gondola. After a fifteen-minute ride to the top you reach Bellevue, an excellent location that offers stunning views of Maribor and its surroundings. There is a 2-hour bike ride awaiting you until you get to the lodge Šumik, where a delicious lunch is waiting for you, but no worries - the program is also suited for those who do not sit on the bike every day. The tempo of the group is dictated by the "weakest link". The cycle tour back and forth is 34 km long. During the tour, you'll notice the Radar Tower at Ledinekov Kogl - a military radar station, but not only; the area you are cycling through is the scene of mass graves from the post-World War II era - but don't worry, everything is carefully marked. Pay attention to the water springs path, as this is the freshest water you can find. Continue on until you reach the Nature Reserve Šumik on Pohorje, where the Šumik Waterfall is located in the immediate vicinity. When you arrive at the lodge Šumik, it's time for relaxation and a delicious home-cooked lunch - good news, the Lodge Šumik has been completely renovated in 2019 and is therefore a top tourist destination in the nature. After the lunch, the guide will guide you all the way to the foothills of Pohorje and you will finish the trip at the same point as you have started it.

Somewhere on the way, the „Key of Pohorje“ is hidden - a very special item that carries a memorial value and a gift. Whoever finds it, keep it.

The price includes: Cable car / Gondola ticket for one ride including your bike, lunch with local food in a lodge on the way, sightseeing with guided tours, escorting and running a licensed cycling guide, organization and VAT.

Visit Pohorje

MARTURA

One valley, two important milestones in the history of ski jumping. It is safe to say that Planica is the biggest shift in the mentality that a man on skis can fly. Two great men, who were the first to fly over hundred and two hundred meters, have left their mark here. But in order to understand the story and evolution of Planica, we must start at the very beginning. From the "Bloudek giant" (Bloudkova velikanka) to the Gorišek brothers ski flying hill (Letalnica bratov Gorišek). From the first ski lodge to the innovative Nordic Center, which cannot be found anywhere else in the world. Get to know the key events which made Planica one of the greatest ski jumping venues in the world. We will visit the Planica Nordic Center - a modern center which is the home of ski flying. The group will first take a look at the aviation museum, test themselves in the ski jump simulator, and then take the chair lift to the top of the giant ski jumping hill. The tour will continue into the beautiful pearl of nature - Bled Vintgar. It is a canyon full of waterfalls, pools and rapids carved by the Radovna River. This is followed by a visit to the pearl of Slovenian tourism - Lake Bled. The group will take a trip around the lake with a traditional "Pletna" boat. After the ride, there will be some time to take a stroll by the lake or to try the "Blejska rezina" desert. Return in the evening.

The price includes: a visit to the Planica Nordic Center, a tour of the museum, chair lift ride, "Pletna" boat ride, Vintgar entrance, a guide, organization and VAT.
